## DEMOCRATIC TICKET.

Election--Tuesday, Nov. 8, 1904.

For President,  
**ALTON B. PARKER,**  
of New York.

For Vice-President  
**HENRY G. DAVIS,**  
of West Virginia.

Congress 1st District,  
**W. A. JONES,**  
of Richmond County.

On next Tuesday the opportunity will be presented to the voters of the country to select the next Chief Magistrate of the nation, and in calling attention to the day we cannot too earnestly urge our readers qualified to exercise the right of freemen, to be present at the polls and participate in the battle of ballots. In urging the people through to discharge well that duty, we do not do so, because we believe the result is in doubt in Virginia. It is not. The fact, however, that Virginia is one of the sure States for Parker and Davis, does not relieve us of the responsibility of urging our votes for them. If we do not approve of Roosevelt and his methods it is our duty to say so and in the only way which we can, at the polls. It is the duty of all Virginians to show their contempt for him and condemnation of his methods by a majority so large for Democracy that he cannot accept the result in any way as endorsement of his administration, and the voters of the Eastern Shore must not be lacking in their share in that patriotic duty. The majority for Parker and Davis should be so sweeping as to proclaim to the whole world the sentiment of Virginia, and Accomac must help to swell that majority that she will retain not only her place in the Democratic column as the banner Democratic county of the district but of all Virginia.

The election too of Mr. Jones as his own successor is, probably, beyond all question, but we have no right to take it for granted, that he will win in the contest if we stay away from the polls. He has proven himself too faithful and efficient as our representative in the past for us to be satisfied with giving him a majority merely perfunctory and normal, and surely we cannot afford to take any chances of his defeat, however remote, by our apathy and indifference, if we realize, as we should, what it means to have a republican to represent us in Congress--and what it does mean the answer is not far to seek. One district in Virginia, the ninth, is represented by a republican who is so much the creature of Teddy that he dare not lift his voice in opposition to him and the election of a republican in this district would mean as it does in that district, subjection to Rooseveltism and the acquiescence in and approval of everything it stands for. It is our duty, of course, to vote, and we cannot too earnestly insist that every Democrat on the Eastern Shore should be at the polls next Tuesday and help to swell the majority for Jones and the Presidential candidates.

Hon. William A. Jones addressed the people at the courthouse and vicinity on the issues of the campaign Monday night and sustained well his reputation as an eloquent and entertaining speaker. Teddy, in his opinion, was the paramount issue, and as such he was severely arraigned by the speaker to the delight of his audience. He showed to the satisfaction of all present that Mr. Roosevelt was not only the Executive of the nation, but had usurped all the branches of the Government and the dangers the country had the right to expect if he was retained in power. No Democrat could be convinced that his duty to be at the polls next Tuesday and cast his vote for the Democratic ticket.

The President has issued the Thanksgiving Day proclamation, setting aside Thursday, November 24th, "to be observed as a day of festival and thanksgiving by all of the people of the United States at home and abroad." It is well expressed and in good taste, and so unlike his other productions, that it will be very gratifying to the people generally of the country. It differs from all of his other effusions in that he does not call upon us to return thanks to him and the Republican party for all blessings.

The State board of fisheries denies the charges made in an article printed in a Norfolk afternoon paper to the effect that certain money paid to the board has not been turned over to the proper official, and also that the meeting recently in Norfolk was a star chamber procedure, the secretary declining to admit newspaper men.

The body of Gen. Edgar Allan, one of the best-known Republicans in the State, was found Friday, near the Union Theological Seminary, a short distance north of Richmond, with a bullet wound in his head. It was evident that he killed himself.

Judge Parker was the principal speaker at a monster Democratic mass meeting in Newark, New Jersey, on Tuesday night, and despite the efforts of the Republicans, in their desperation to stampede it, received an ovation rarely equaled in this country and delivered a speech which not only aroused the unbounded enthusiasm of the Democrats present but which convinced it is stated, hundreds of independent voters and Republicans who heard him, that it is their duty to give him their support. The good impression made by the speech, it is believed, will go very far towards placing New Jersey in the Democratic column and in insuring his election. The soundness of the views expressed by him in his Newark speech deserved the attention with which it was received and the favorable comment which it has elicited all over the country, as will appear from the following extract from same:

"When an individual violates the law, the law punishes him. When a corporation violates the law the law should punish it. A corporation is no more entitled to immunity from the consequences of its wrongdoings than an individual. A combination of individuals to control the market price of products of any kind is void. A combination of corporations for a similar purpose is alike void."

"We would not hesitate for a moment to prosecute the individuals thus violating the law for the purpose of oppressing the people. Why should there be any hesitation in enforcing the law against great corporations for illegal business? Are the artificial creations of the government exempt in practice from the operations of that sacred principle of equal and exact justice to all men? It ought not to be so. And it will not long be so if we as a people act wisely in both State and national contests."

"Administrative extravagances must be checked."

"There must be equal opportunity for all, and special privileges for none."

"This shall remain a government of laws, not of men."

"There must be a reform of the tariff."

"This nation will no more hold another people in perpetual bondage than it will tolerate the enslaving of individuals by its citizens."

"Overwhelming in importance are these issues, above them tower the questions:

"Should the partnership between the Republican leaders and the trusts continue with profit to both, and hurt to the country?"

"Should the trust contributions of millions to the campaign fund secure the right to continue the wrongful taking of many millions a year from the people?"

## Orchilla Guano,

An Unadulterated Natural Bird Deposit, Rich in Phosphates and Alkaline Salts, Imported and Sold Exclusively by

**The Wooldridge Orchilla Co.,**

Office and Warehouse: No. 7 Commercial Wharf, Balto., Md.

We have just unloaded from the Barkentine Kremlin the highest grade cargo of Orchilla Guano that has been brought to this market for more than twenty years, and our 17.00 per cent. of Phosphoric Acid, as printed on the sacks, shows it to be far superior to the low grade guano that has been sold as Orchilla during the past ten years. We alone have the contract with the Government of Venezuela for the entire control of all the Guano on Orchilla Island and the Islands in the territory of Colon, and no one but ourselves has been able to get a pound of Orchilla Guano from Orchilla Island for the past two years.

The results from this Orchilla Guano in your county this Spring prove it to be up to its old standard in every respect.

See that you get Orchilla Guano with our name on every sack.
